1	Section-III	16,19	Form2A/2B Foot Notes	“Documentary evidence in support of experience in the field of Ash Handling and Processing System” For the cement manufacturer; to comply this condition what kind of documents you required?	Necessary amendment is issued in this regard. Applicant’s may refer footnotes of FORM-2A (REV-01)/ FORM-2B (REV-01) of revised Section-III to the EOI Document.
2	Section-III	16,19	Form2A/2B Foot Notes	“Documentary evidence from power plants where Dry Fly Ash is being collected shall be submitted” In Bangladesh Cement manufacturers usually purchase dry fly ash from the Dry Fly Ash traders of West Bengal, India. These traders have the purchase contract of the fly ash with the thermal power plant. None of the Bangladeshi Cement Manufactures have the purchase contract directly with the thermal power plant. Only traders will be able to supply the above mentioned document. So, none of the cement manufactures in Bangladesh will be able to provide the “Documentary evidence from power plants where Dry Fly Ash is being collected shall be submitted”. Does it going to consider the cement manufacturer in Bangladesh NON RESPONSIVE in the EOI process?	Necessary amendment is issued in this regard. Applicant’s may refer footnotes of FORM-2A (REV-01)/ FORM-2B (REV-01) of revised Section-III to the EOI Document.
3	Section-II	8	Clause 1	To get the EOI document; the applicant needs to send email to your designated email ID. Lead partner can individually collect the document through email or consortium partners need to send email from the consortium email ID? We will be really grateful; if you clarify us the above mentioned questions.	Lead partner can download the document of EOI after registering at website. Lead partner is authorized to receive and send communications for and on behalf of any and all of the Consortium Partners during the enlistment process.

				However, the enlistment may be extended further at the discretion of BIFPCL.	
8	Section-I	4	4.1	Technical Criterion: Clause i) should be deleted. <i>Since none of the end users in Bangladesh have Ash handling experience from Coal Base Power plant. Hence, if end user engages to dispose power plant coal byproducts, it may hamper power generation due to non-experience & non-performance.</i>	The provisions of EOI Documents shall prevail.
9	Section-I	4,5	4.2	Financial criterion: Points a, b, c should be deleted. <i>Due to quality & quantity of applicants. It may waste time & make complexity of enlistment process as non-experience & non-performer applicant to insist to apply with these points.</i>	The provisions of EOI Documents shall prevail.
10	Section-I	4,5	4.2	Point d) For offtake of fly ash quantity more than 100000MT 300,000MT per annum: BDT 14-42 million. Since, it will help BIFPCL to obtain professional & experienced ash handling applicants who can make you comfortable by lifting/ disposing generated ash from BIFPCL.	The provisions of EOI Documents shall prevail.
11	Section-I	3	1.0	* Introduction, 2nd paragraph: The purpose of this EOI is to enlist the interested applicants for the purchase of Fly Ash for three (3) Five (5) years based on the Qualifying requirement. This will help to avoid unnecessary waste of time for enlistment and to make the process simple and more interesting for multiple organizations.	The provisions of EOI Documents shall prevail.
